Summary

Backend-focused CSE student building REST services and LLM-powered applications.

Education

B.Tech, Computer Science and Engineering, MNNIT Allahabad (2023 - 2027)
CGPA: 8.5

Skills

Python, FastAPI, Postgres, ReactJS, REST APIs, Git, containerization with Docker Compose

Experience

Backend Intern, XYZ Corp (May 2026 - Jul 2026)

- Built 6 FastAPI microservices handling 10k requests per day
- Cut average API latency by 35% by adding Redis caching

Projects

CogniVault - FastAPI chatbot with RAG and session memory (Python, FastAPI, LangChain)
CampusLink - placement portal with role-based dashboards (React, Node.js, PostgreSQL)

- Implemented retrieval over 2,000 documents with 90% answer relevance in manual tests
